Superior Performance Across the Board.

PVC Sheets & Boards

With Fypon PVC Trim, the possibilities are endless. Fypon PVC Trim can replace wood in nearly any non-load bearing application. Each piece of stable, high-density PVC resists rotting, decaying, warping, and splintering. It resists mildew growth and insect infestation. Fypon offers boards, sheets, bead board, corners and profiles that are easy to install and do not require paint. In addition, Fypon PVC Trim products can be used on both the interior and exterior of residential and commercial projects. And, all Fypon PVC Trim products are covered by a Limited Lifetime Warranty to the original purchaser. **For installation instructions, please visit the Product Support section at www.fypon.com.**

FYPON
It's How You Finish.™

PVC Trim

ProPak PVC

Fypon offers millwork grade PVC boards in convenient unit sizes. Each piece is individually shrink-wrapped inside the box to protect it from dirt and blemishes once the carton has been opened.

Fypon also offers these items along with additional sizes of PVC Sheets, Boards, and Profiles in bulk quantities. Please refer to page 68 for information on our bulk PVC program.

How To Order

ProPak is sold in carton quantities only that can be ordered and shipped with urethane products. When creating a purchase order that includes ProPak, the quantity on your order should be the number of boxes needed, not the number of pieces.

ProPak Corner Board & Bead Board				
Part Number	Product Description (Actual Size)	Pieces Per Box	Weight Per Piece	Weight Per Box
MLDM85190BX Bead Board	1/2" x 5" x 12'	6	8.50 lbs.	51.00 lbs.
MLDM85064BX Corner Board	1" x 3 1/2" x 10'	4	15.00 lbs.	60.00 lbs.

Design Tips

PVC Boards can be combined with urethane arches to create a low-maintenance window surround.

PVC Bead Board can be used in soffit applications where attic ventilation is not required. Add urethane brackets for the finishing touch (*shown at left*).

Note: For vented soffits, add our E-Vent System (*page 62*) for ventilation and an added decorative touch.

ProPak Boards Smooth & Woodgrain				
Part Number	Product Description (Actual Size)	Pieces Per Box	Weight Per Piece	Weight Per Box

Design Tips

PVC Sheets and Boards can be heat-bent to transform a typical hallway into an arched walkway (*shown above*).

PVC Bead Board can be used as an exterior porch ceiling to hide unsightly rafters.
